### **DETAILED ACTION**

The reissue oath/declaration filed with this application (filed 1/26/2001) is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414. In particular, the declaration must include at least one **specific** error in the original claims, how the new claim(s) rectifies this error as well as specifically pointing out which claim rectifies this error. The following is a suggested format for the error statement: Original independent claims 1, 26, and 28 are too narrow because they all include a means to substantially prevent movement of the shield with respect to the blade holder unless the cartridge is mounted on the handle. This error has been corrected by claim 67, which does not include means to substantially prevent movement of the shield with respect to the blade holder unless the cartridge is mounted on the handle.

Claims 1-28, 41-44, 51-53, and 67-77 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.
